JACKSONVILLE, ILLINOIS, TUESDAY MORNING, OCTOBER 4, 1904.

END MAY COME ANY MOMENT

KEPT ALIVE BY POWER-
FUL STIMULANTS

Postmaster General Payne Was
Weaker Yesterday Than at
any Time During His Illness—
Had Severe Sinking Spells.

Washington, Oct. 3.—Postmaster General Payne to night is weaker than at any previous stage of his illness, saved during the worst of his sinking spells, and his death, it is said, may occur at any moment. The most powerful stimulants in greater doses than ever are being administered at frequent intervals and it will be due to them alone, it is stated, if he survives the night. Without them, it was admitted to night, he would not live more than a few hours. His pulse at times to day was barely perceptible. There was a severe sinking spell at noon to day and another shortly after four this afternoon that lasted half an hour. During the succeeding hour the sick man gained a little rest, though he could not sleep long at a time.

At 9:30 to night Dr. Magruder issued a bulletin saying Payne continued to respond well to remedies administered and that there was slight improvement. Payne is unconscious much of the time, but occasionally he recognized those about him. He suffered considerable pain during the day.

The president and Mrs. Roosevelt called during the evening and remained at the Payne apartments half an hour. Later they sent a great bunch of roses from the white house conservatory. Japanese Minister Takemura sent one of the secretaries to inquire as to Payne's condition and Secretaries Wilson and Hitchcock and Assistant Postmasters General Wynne, Shellenbarger, Madden and Bristow were among other callers.

Mrs. W. H. Cameron, of Milwaukee, sister of Payne, arrived to night and joined others of Payne's relatives summoned here.

Another consultation of physicians, in which Dr. Osler, of Baltimore, is to participate, has been arranged for 9 o'clock to-morrow morning.

BARLEY ALIVE.

Washington, Oct. 4.—At 2 o'clock this (Tuesday) morning Payne was barely alive, and all hope was abandoned. It was announced he was still lingering and while he might last several hours the end might come at any moment. No stimulants were being administered and the physicians were allowing nature to take its course.

Those at the bedside were Mrs. Payne, Maj. and Mrs. W. F. Cameron of Jamestown, N. Y.; Mr. and Mrs. Winfield H. Cameron of Milwaukee; Charles T. Jones and Miss Louise Jones, relatives; Private Secretary Whitney, Miss Marie Barber, an old companion of Mrs. Payne and the faithful colored messenger at the department of the postmaster general.

Payne several times called faintly for Mrs. Payne. At 2 o'clock Whitney announced that all efforts to revive the postmaster general by stimulants had been abandoned.

At 2:30 a. m. Doctors Gayson and Magruder said the fluid which had been injected at midnight, when the sinking spell began, is now absorbed and the effect is shown by the improved respiration and pulse. It was added that this is not an indication of recovery, but that the patient might last until morning. The fluid is the stimulant which was given to him and to which at first he failed to respond. It was after this failure to respond that it was announced that further administration of stimulants would not avail.

At 2:35 it was announced that the postmaster general had rallied suddenly and exclaimed "Hello" to those about him. Mr. and Mrs. Payne were then given him to drink.

At 2:50 Dr. Magruder said Payne's respiration was better and more regular than it has been in the past twenty-four hours and that the improvement kept up the probably would last through the night and that a consultation probably might be held on the morning.

BALFOUR OPENS CAMPAIGN.
Tombhugh, Scotland, Oct. 3.—Premier Balfour opened the autumn campaign here to night. Balfour said he was no protectionist, though protection not the best policy under existing circumstances. It was not a policy that he recommended directly or indirectly either to his colleagues or to the country, and he did not think he could remain leader of his party if protection were adopted.

KILLED BY EXPLOSION.
Covilleville, Ill., Oct. 3.—Two men were killed and seven seriously injured as a result of a boiler explosion in Schubert saw mill three miles east of town to day. The dead are Amos Schubert and Walter Schubert.

CRISIS AVERTED.
Copenhagen, Oct. 3.—The ministerial crisis here which had long been threatened, has been averted, assurances of support having been given by his colleagues to Minister of Justice Alberti, who insisted on bringing in a law to re-establish the whipping post for thugs.

PEACE ADVOCATES

International Congress Now in
Session at Boston.

Boston, Oct. 3.—Advocates of adoption of principles of peace throughout the world assembled here to day to take part in the proceedings of the thirteenth international peace congress. There are many prominent delegates here. Among subjects to come up for action is that of adopting some effective method of urging the powers of the world to use every good office at their command for bringing about an end to the Russo-Japanese war. Welcoming speeches were made by President George R. Jones of the Massachusetts senate in behalf of the state, Mayor Patrick A. Collins for Boston and Secretary of State Hay for the federal government. Secretary Hay was escorted to the platform by Chairman Mead. A brief speech was made by Mead introducing Hay.

Responses to addresses were made by Right Rev. John Percival, D. D., bishop of Hereford, and Mr. Lund of the Norwegian parliament.

The meeting closed by all present joining in a hymn written especially for the occasion. The next session of the congress will be held to-morrow morning.

London, Oct. 3.—Sir Thomas Barclay, who has been prominently identified with the movement for re-establishing unity between nations, informed the Associated Press to day that the German government had under consideration calling of another conference to extend the scope of The Hague convention prior to President Roosevelt's announcement of his desire to take action in that direction. "There's thus little difficulty," Sir Thomas said, "about adoption of the proposal of President Roosevelt. You will remember Count von Bülow's statement in the Reichstag a couple of years ago that it was the intention of Germany to call a conference, and recent correspondence we have had with German authorities show the matter is being considered. There is, therefore, a possibility of either the American or German governments calling a conference jointly or that one will give way to the other. All nations will accept the proposal and it will be one of the greatest things America has done."

VICKSBURG PARK COMMISSION.
Washington, Oct. 3.—The war department to day made public the report of the Vicksburg national park commission. Among other things the report says the Iowa commission has signed a contract for construction of its state memorial in the park at a cost of \$100,000, and the Illinois commission has arranged for construction of a state memorial to cost \$200,000. An estimate of \$150,000 is made for necessary expenses of the commission for the next fiscal year.

Russ, jointly indicted in the federal court for conspiracy against the steamship inspection laws through placing pieces of iron inside cork life preservers manufactured for sale at Camden, pleaded not guilty to day and were released on bail.

FOR CONTEMPT OF COURT.
Ashland, Wis., Oct. 3.—Sheriff Charles Peterson of Sawyer county was to day fined \$150 and sentenced to thirty days in jail for contempt of court in failing to capture John F. Dietz, for whom a warrant was issued last May. The coroner of Sawyer county will place Peterson in his own county jail at Hayward. BLOCKADE OF PORT ARTHUR

RUSSIANS UNABLE TO SECURE
INFORMATION

Only Small Outpost Fighting
in Vicinity of Mukden—Report
of Repulse of Japs at
Port Arthur Confirmed.

Small outpost fights constitute the sum of activities reported from the vicinity of Mukden. The Japanese blockade of Port Arthur is so effective that General Stoessel has been unable to inform the war office at St. Petersburg of the situation there. The report of arrival of the Russian armored cruiser Bayan of the Port Arthur squadron at Hanchuan bay near Shanghai has no official confirmation.

NO NEWS FROM FRONT.
St. Petersburg, Oct. 3.—The war commission adjourned to night without further news from the front. An Associated Press dispatch from Mukden, filed there at 10:30 to night, states merely that all is quiet there. There is intense interest here in developments at Mukden, but the public and apparently the authorities also are utterly in the dark as to what is transpiring. The little news received from Port Arthur comes from abroad, but that little is satisfactory inasmuch as it records a further repulse of the Japanese attacks.

NEW MINISTER OF INTERIOR.
St. Petersburg, Oct. 3.—Prince Svyatopolk-Mirsky, new minister of the interior, has already begun energetically work of putting his published utterances into effect. Two assistant ministers of the department who opposed the Zemstvos have been transferred to inactivity of the council of empire, and half a dozen of the late Minister Plehve's other lieutenants already have been displaced. Two members of the committee on rural industry of the province of Voronezh, exiled into Siberia by Plehve for having expressed liberal views, have been allowed to return to their homes. Mirsky has also issued an order permitting the Woschod, a Jewish organ here, which Plehve suppressed, to resume publication.

FROM PORT ARTHUR.
Chefoo, Oct. 3.—An official report from General Stoessel, dated Sept. 23, reached Chefoo to day, confirming the previous report of repulse of the Japanese attack on Port Arthur which began Sept. 19 and ended Sept. 22. Fighting was of an extremely severe character. The Japanese having retired, Stoessel issued the following proclamation:

"Glory and thanks be to God. Glory to our heroic garrison; thanks to our valiant volunteers who routed the enemy from the trenches, destroying them. God has permitted us to repulse the enemy. Praise to God."

The volunteers referred to were made up of regulars called upon to take a high part which had been captured by the Japanese.

From semi-official sources it is learned the attack began on the 19th along the whole line and lasted four days. Various positions changed hands many times. The high hill mentioned was a very important position to the Russians. The Japanese attacked repeatedly day and night, finally occupying the position on the night of Sept. 22 after suffering very severe losses.

An attempt to retake this hill being extremely hazardous, Stoessel refused to issue the order, but called for volunteers. Everybody called upon responded, whereupon the requisite number of men were selected. Lieutenant Pogorsky and Captain Schaff leading them. Soldiers and officers alike carried grenades, explosive shells weighing from two to six pounds, which are thrown by hand, and with these attacked the Japanese temporary fortifications and drove the latter from all positions. Several mines exploded during the general battle, causing severe losses.

Russians estimate the total of Japanese losses for four days' fighting will reach 50,000 men.

Chinese who left Port Arthur Oct. 1 and who previously engaged in burying dead and effect of Russian shells and machine guns is terrible. Slopes of the high hill are littered with mangled bodies and severed heads and limbs. In one trench Chinese buried 300 Japanese and 200 Russians. The garrison has sufficient food supplies of tinned meats are nearly exhausted, troops suffering thirty days.

WAR REPORTS.
Shanghai, Oct. 3.—A Russian warship supposed to be the cruiser Bayan of Port Arthur squadron is reported to have anchored off Outzai island in Hangchow bay. Two tugs have proceeded thither to bring her to Shanghai.

FUNERAL OF SENATOR HOAR

SERVICES HELD AT HOME
OF DECEASED

City of Worcester Bowed Before Bier of Her Leading Citizen—No Elaborate Display of Ceremony.

Worcester, Mass., Oct. 3.—The city of Worcester to day bowed before the bier of her foremost citizen, Senator George Frisbie Hoar, while the state of Massachusetts in a large measure sympathized with the municipality in its grief. Funeral services were held in the Church of Unity, in harmony with the unostentatious life of the senator and in accordance with his wishes, there was no elaborate ceremony or display, though the great love of the people of Worcester induced the family to subordinate their own feeling and admit in so far as the very limited capacity of the building would allow a general attendance at the church and permit the body later to lie in state in the city hall.

Rev. Dr. Edward Everett Hale, chaplain of the United States senate, and a lifelong friend of Senator Hoar, conducted prayers at the home just before 2 o'clock. Only members of the immediate household and a few neighbors attended the short service.

The remains were then taken to the church. Four companies of infantry and a battery of light artillery under arms were stationed in the streets to order the police in to calm unnecessary effort to control the great crowd ever seen in the city. As the hearse passed every one bowed heads and many women sobbed.

Thirty-five thousand people viewed the body of Senator Hoar between 4:30 and 5:30 to night. Fifty thousand and adjacent in front of the city hall and massed ways and many cases of fainting women were noted. Police ambulances carried nineteen people from the crush to their homes and others were cared for in the city hall.

MYSTERY UNSOLVED.
Investigation Begun of Attempts Made to Injure the Battleship Connecticut.

New York, Oct. 3.—The mystery of three attempts to wreck the battleship Connecticut remained unsolved to day. A rigid investigation has been started. So grave was the affair considered that last act of Rear Admiral Rodgers, commandant of the yard, before he retired from active service to day to be succeeded by Admiral Coghlan was the issuance of the following order:

"Three attempted attempts have been made to injure the battleship Connecticut, even to the extent of involving the safety of the ship and those concerned on the occasion of the launching on Sept. 25. The commandant appreciates the good work performed up to date by employees on the Connecticut and which bids fair to establish a new record for the navy yard work, and feels assured it is unnecessary to invite the co-operation of all concerned in preventing a recurrence of these cowardly and treacherous acts. This notice is simply for the information of all patriotic American citizens who are employed by the government in this navy yard."

TELLS STORY OF BRIBERY

CONFESSION MADE BY
CHARLES F. KELLEY

Former Speaker of St. Louis
House of Delegates Details
Story of Corruption in Assembly
and Attacks on Folk.

St. Louis, Oct. 3.—In a written confession to day Charles F. Kelley, speaker of the house of delegates during the life of the bonds combine, relates the story of that combine. He declares a prominent local politician promised himself and others implicated that the next circuit attorney would be "all right" promised if they would remain firm he would secure for them either continuance until the new circuit attorney took office or pardon afterwards. He declares the politician and the new circuit attorney, for which nominations are to be made by the Democrats to day, would be "his man." Kelley declares he refused this offer and makes this confession to satisfy his accusing conscience, to obey the requests of his wife and to do what he can to make atonement to the public and prevent other young men from following the path which he declares has led to his ruin.

Kelley details the story of the city lighting deal, for which a bond fund of \$17,000 was divided among nineteen members of the combine at Julius Lehmann's birthday party. He declares the prominent politician gave him the bond fund, that he took it to Lehmann's house and divided it.

Kelley states that when Folk commenced war on the combine the latter tried to intimidate him by threats of assassination, and when this had no effect all sorts of traps were laid for him, but without success. Then the plan of libeling Folk through the press was tried, which was participated in by prominent financiers of St. Louis who feared exposure, but this was also unsuccessful, as nothing could be found on which an attack on Folk could be made. Kelley declared hardly a bill passed the municipal assembly the past twenty-five years unless it was paid for.

HELD ANNUAL MEETING.
Morgan County W. C. T. U. at
Murrayville—Election of Officers—Gold Medal Contest.

The annual meeting of the Morgan County W. C. T. U. convened in Murrayville Sept. 22 and held a two days' session in the Presbyterian church of that place. County President Mrs. P. M. Coard presided, assisted by Mrs. A. T. McDonald, a very efficient organizer of the union.

The first day's session was devoted to routine business with devotional exercises, reports of unions in the county and the organization of a very efficient union in Murrayville. At night in the Baptist church Mrs. McDonald delivered a very able temperance lecture before a large and appreciative audience.

The second day was devoted to the discussion of different topics and the election of officers for the ensuing year as follows: Mrs. P. M. Coard, Jacksonville, president; Mrs. Hattie Daniel, Murrayville, vice president; Mrs. May A. Dargley, Waverly, recording secretary; Mrs. Della Seymour, Murrayville, corresponding secretary; Mrs. May A. Leigh, Waverly, treasurer; Mrs. L. B. Holmes, Waverly, auditor.

Friday night the gold medal contest took place in the presence of a large audience. The class of six young ladies who had won silver medals all did exceedingly well and were highly complimented by all who heard them. They were as follows: Ethel Vasconcellos, Jeanette Taylor, Virginia McVey, Blanche Watson, Marie Hoffman and Katy Clarkson. Miss Marie Hoffman was awarded the gold medal. The judges were Dr. John Caldwell, Mrs. Henry Reed and Mrs. Ollie Green.

Mrs. Coard, the county president, and Mrs. Clarkson, the education teacher, have worked faithfully during the past year in the W. C. T. U. work throughout the county and in this city absolutely without remuneration, and always for the good of the cause. Sometimes there was but a handful to greet them and they met all the excuses that people are wont to give for not doing their duty, but they persevered and their efforts have certainly brought forth good results. The people of Murrayville supported the convention in their city nobly and furnished crowded houses at the different sessions and also freely extended their hospitality.

CHAMBERLAIN'S COUGH REMEDY.

No one who is acquainted with its good qualities, can be surprised at the great popularity of Chamberlain's Cough Remedy. It not only cures colds and grip, effectually and permanently, but prevents these diseases from resulting in pneumonia. It is also a certain cure for croup. Whooping cough is not dangerous when this remedy is given. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. It is also pleasant to take. When all of these facts are taken into consideration it is not surprising that people in foreign lands, as well as at home, esteem this remedy very highly and very few are willing to take any other after having once used it. For sale by all leading druggists.

A determined and combined effort on the part of our local Republicans will insure victory for the county ticket. There is no reason why it should not be elected triumphantly and it will be if the people are awake to their duty. Look over the list and you will see good men on the ticket from top to bottom, and their works need no praise for they speak for themselves. It is the duty of every person who has the interests of the taxpayers at heart to do all that is possible for the welfare of the county and that will be subserved by the election of the entire Republican ticket. The time is short and election day will soon be here, and it is the duty and privilege of all to labor in season and out of season for the election of every man on the Republican county ticket.

The Courier has a communication signed "Republican," denouncing the trusts and blaming the present administration for not putting them down. The letter is most strangely out of place in a Democratic sheet. The corner stone of the present Democratic campaign and the main reliance of the Democratic managers is in the trusts and great monopoly magnates. In New York city, where their headquarters are, there is no denial of the fact. The New York Times, one of the chief supporters of Parker and Davis, comes out plainly and says they are expecting from half a million to a million dollars from James J. Hill, the greatest trust magnate in the land, if he can be assured New York will go Democratic, so great is his dislike for President Roosevelt, who broke up the Northern Securities trust and combination. The writer of the article most surely must have been enjoying a Rip Van Winkle sleep for some months or he would not have displayed such ignorance of present conditions.

NOTICE

The Burlington has inaugurated at Jacksonville station the merchants' parcel checks, which will be furnished to merchants by the ticket agent in quantities of twenty or more for the accommodation of their out-of-town customers, to be used by the merchants in sending parcels, etc., to the parcel room to be claimed by the owners.

These checks are in triplicate, the merchant in issuing parcel check will sign in triplicate and detach from original and duplicate and give to the owner of the articles, to which the original and duplicate is attached. When articles bearing merchants' parcel checks is received by agent he will stamp both original and duplicate check with office stamp and insert time received in space provided for that purpose. Delivery of article must be made on surrender of triplicate check which must be stamped on back with office stamp and time of delivery inserted in space provided for that purpose. Arrangements have also been made at the ticket office to check parcels and handle baggage for the public.

A LARGE CONTRACT.

What Hatch Wants Every Person in Jacksonville to Do.

When Hatch, the enterprising druggist, first offered a 50 cent package of Dr. Howard's specific for the cure of constipation and dyspepsia at a special price and guaranteed to return the money if it did not cure, he thought it probable from his experience with other medicines for these diseases, that he would have a good many packages returned. But although he has sold hundreds of bottles, not one has been brought back. This is so surprising that he has taken the contract to introduce Dr. Howard's specific in at least half the homes of Jacksonville, and to do that he will continue his special price introductory offer.

Hatch wants every person in Jacksonville who has constipation, dyspepsia, headaches, or liver troubles to come to his store or send him 25 cents by mail and get 60 doses of the best medicine ever made at half the regular price, with his personal guarantee to refund the money if it does not cure.

R. C. Byerly read the obituary. After the services the remains were laid to rest in Oak Ridge cemetery.

Morey was in charge of the services. There were many floral offerings and these were cared for by Miss Nell Russell and Mrs. G. H. Kopper. Appropriate hymns were sung by Miss Mary Tanner and Mr. John Johnson.

Interment was in Diamond Grove cemetery and the bearers were Dr. C. E. Black and Dr. F. P. Norbury.

FAMILY GATHERING.

A delightful family gathering was held Sunday at the residence of August Neihans, near Alexander. Eight of his children and twenty-eight of his grandchildren took possession of the house while he was at church and perpetrated a complete surprise on their estimable relative. The day was spent in a very pleasant manner and will long be remembered by those who participated.

AT WOMAN'S COLLEGE

Recital Given by Miss Cole Assisted by Miss Kreider, Soprano

The reputation of Miss Katherine Cole as an elocutionist is so well established in this city that the mere announcement of a recital by her is always sufficient to secure a full house, and the event at the Woman's college Monday evening was no exception to the rule. Her selections were happily made among the old-time favorites and her renditions of the productions which can never grow old or stale was most pleasing. The list afforded a wide range for her versatile genius and the opportunity was fully improved and greatly enjoyed by the audience which completely filled the chapel of the college. The lady has a pleasant manner and her studies have been of such a nature that she is capable of handling any theme and successfully interpreting the meaning of the author. Her appearance was the signal for applause, which was heartily accorded each effort.

Miss Phoebe Kreider is a lady of whom Jacksonville is justly proud. Reared in our midst she has had the benefit of the best teachers in this land and abroad, and these opportunities added to great natural talent, have produced a soprano not frequently equalled, even on the professional stage. Her singing last evening was along the same line as the reading and the dear old heart songs never sounded sweeter or more attractive and the audience was not sparing of its tokens of approval.

The following was the program:

Thanaopsis	Dryant
The Raven	Poe
Patriotic	
a. Marco Bozzaris	Hallock
b. Speech of Patrick Henry	Longfellow
c. Paul Revere's Ride	Longfellow
Songs

Mark Antony's Funeral Oration	Shakespeare

You can secure your seats for the "Runaways" to day.

WOMAN'S CLUB.

The Woman's club will hold its first general meeting Saturday, Oct. 15, at the Woman's college.

The club has been so fortunate as to secure for its first meeting Prof. J. G. Carter Troop, of Chicago university, who is to give the course of lectures on the "Novel of the Nineteenth Century" before the university center. Professor Troop will give before the club his lecture on the "Development of the Novel," a subject directly in line with his series of lectures here and sometimes given as introductory to the course. The members of the club are fortunate in being able, not only to hear this address themselves, but to avail themselves of the privilege of membership and bring a friend as guest for the afternoon.

The attendance at the free kindergarten has been large, over forty children being present the past week. There are other children who would be glad to attend, but unless more room can be secured it will be impossible to accommodate many more children. As soon as cold weather comes the attendance of little ones will, of course, be much smaller, or the ladies would feel that they must try to arrange to secure more room. A second kindergarten in another part of town is almost as much needed as the first.

DOMESTIC SCIENCE ROUND TABLE.

The domestic science department of the Woman's club will hold its first meeting at the home of Mrs. A. W. Baldwin, 429 East North street, on Saturday, Oct. 8 at 3 p. m.

WOMAN'S COLLEGE NOTES.

Dr. Barker spent Thursday and Friday
at Litchfield representing the college be-
fore the southern Illinois conference.
The college was honored last Thursday
by the visit of Mrs. Georgia Watts Wil-
son of Valencio, Kan., Mrs. Louise Arenz
Rhen of New Berlin and Mrs. Irvin Dun-
lap and Mrs. Marion of Jacksonville.
These ladies were members of the class
of 1884 and spent a happy hour recalling
their experience of fifty years ago.

Mrs. Baldwin, Margaret Harris, Mil-
licent Howe, Claire Stevenson and Helen
Lewis have been among those who com-
menced their work in the studio this
week.

The sketch class is anticipating some
happy sketching trips during the coming
days.

Steam was turned on to the new college
laundry last Wednesday. It is certainly
due to the engineer, Mr. Wackerle, to
add that every part of the machinery was
found to be in perfect order from the
very start.

A juvenile class has been organized
under the direction of Miss Cole for the
purpose of correcting physical faults, cul-
tivating the voice and stimulating the de-
sire for good reading and speaking. The
class is open to new members this week.

COLLEGE OF MUSIC.

The violin department is much larger
this year than ever before.

Mr. Stead was called home again Friday
by the serious illness of his mother, who
resides at Marseilles, Ill.

The new students enrolled this week
were Miss Savage and Miss Wilson of
Virginia, Miss Hines of Beardstown, Miss
Fernandes and Miss Greenleaf of Jack-
sonville.

The College of Music expects to organize
a small orchestra under the direction of
Miss Long. Miss Long would be glad to
see any one desiring the benefit of such
training.

A large number of applications were
made Friday for membership to the Men-
delsohn club of Jacksonville. The first
meeting will be Tuesday evening.

A new feature in the work of the Col-
lege of Music will be a class in ensemble
playing. Miss Highy, who has had much
experience in this line, will have charge
of it. The class work begins today.

A VERY REMARKABLE REMEDY.

and satisfaction that I recommend

arrhoea Remedy," says Druggist A.
W. Sawtelle, of Hartford, Conn. "Re-
cently a gentleman came into my
store so overcome with colic pains
that he sank at once to the floor. I
gave him a dose of this remedy
which helped him. I repeated the
dose and in fifteen minutes he left
my store smilingly informing me
that he felt as well as ever." For

BAPTIST CHRISTIAN CULTURE RALLY.

Interesting Services Held Sun- day Evening Diplomas Award- ed to Graduates.

On Sunday evening took place the an-
nual Christian Culture rally of the Bap-
tist Young People's union. A special pro-
gram was given at the regular meeting
at 6:30 and the society at the close of
their meeting passed to the upstairs room
in a body, where a special program was de-
livered by the pastor, Rev. T. H. Marsh.
The special program at the regular ser-
vice of the society was as follows:

Prayer by Pastor.

Solo, "Crossing the Bar"—Miss Bertha

Anderson.

"Value of this winter's Sacred Litera-
ture Course to B. Y. P. U. members"—

Miss Laura Hammond.

Miss Hammond named the topics that
had been planned for study this winter
and said in part: "As we follow Christ
from the cradle to the grave, studying
his life and works as found in these topics
we as Baptist young people will know
better where we stand and will be ready
to do better service for our Master."

She was followed by Miss Mabel Withee,
whose topic was "What to do and How to
do it." "We should make our meetings
during the coming winter so helpful that
the members will come not simply be-
cause they consider it a duty, but on the
other hand, that they will look for-
ward to each meeting as a place where
much inspiration may be had. Suppose
that the society appoint four of five mem-
bers each week to do some special work,
such as looking after the sick, look after
the needy in the Sunday school, make
calls in the interest of our mission and
in this way the results at our meetings
would meet all expectations."

Anthem, "Beyond the Hill Tops"—

Church Choir.

Howard Thompson spoke on "Suggested
Improvements for Sunday Evening Meet-
ings." Briefly he mentioned the improve-
ments that could be made by the coopera-
tion of the various members of the B. Y.
P. U. The greatest improvement would
be in having a larger attendance. The
members in charge should make prepara-
tions for every meeting, planning al-
ways for a large meeting, and thereby
keeping up the enthusiasm. The leader
should announce the subject for the next
meeting, tell where it is to be found and
point out the particular hard places, and
in this way it would help those that are
studying.

Following the society meeting a special
sermon was delivered by the pastor, who
spoke of the theme that men and women
needed who had purpose and sincerity to
stand by the work they undertook. His
sermon was a strong appeal to the young
people to be earnest in every undertak-
ing. At the close of the service diplomas
were awarded to the graduates who had
finished the Christian culture work in the
Young People's union.

Much interest is now being manifested
in the ancient game of golf and on Mon-
day the links were dotted with players,
both ladies and gentlemen.

The gentlemen were out qualifying for
the two cup contests and as it will re-
quire sixteen strokes to complete the
quota for the two events, most of the men
feel that they have a chance to stay in
the race for a round or two, at least.

o o o o o

A number of gentlemen have provided
three trophies to be competed for by the
lady players of the club under the follow-
ing conditions:

The ladies must qualify by playing eight-
teen holes medal play. The best eight
scores are matched by lot and play at
nine hole match play until all but one
are eliminated. The winner will be pre-
sented a sterling silver trophy, the runner-
up or second best will also win a suitable
prize. The ladies who are put out in the
first round will continue at match play,
the winner of the match being presented
with a consolation trophy.

The ladies are all urged to try for these
prizes and hand their qualifying scores to
the greens committee not later than
Oct. 10.

Miss Mills, a very clever golfer of New
York, is visiting Miss Loar on South Main
street. She tried the local grounds on
Monday for the first time and thinks they
compare favorably with many of the east-
ern courses.

THE STORY OF VINOL

By Lee P. Alcott Druggist.

Our experience with medicines ex-
tends over many years. We've had
ample opportunity to watch thou-
sands of them and their results. We've
never seen any medicine sell itself as
does Vinol. Customer after custom-
er comes for Vinol again and again.
That's the best kind of a testimonial.
They wouldn't want a second bottle
if the first gave no help or relief.

We want everybody in Jacksonville
to know the value of Vinol and how
we stand behind it.

Vinol is popular and it takes because
it possesses merit. Vinol contains all
the curative, strength-creating elements
of cod liver oil, without the nauseating,
disagreeable taste and smell of the oil.
Any one can take it without making a

THE STORY OF VINOL

By Lee P. Alcott Druggist.

Our experience with medicines ex-
tends over many years. We've had
ample opportunity to watch thou-
sands of them and their results. We've
never seen any medicine sell itself as
does Vinol. Customer after custom-
er comes for Vinol again and again.
That's the best kind of a testimonial.
They wouldn't want a second bottle
if the first gave no help or relief.

We want everybody in Jacksonville
to know the value of Vinol and how
we stand behind it.

Vinol is popular and it takes because
it possesses merit. Vinol contains all
the curative, strength-creating elements
of cod liver oil, without the nauseating,
disagreeable taste and smell of the oil.
Any one can take it without making a
face. Old and young can digest it.

France than elsewhere, the recognition
of them is certainly more outspoken,

more resolute and far-reaching.

Israel Zangwill:

"A country may be in decadence ma-
terially or spiritually. Materially, I
cannot believe that a fertile land will
such hard working and intelligent pop-
ulation as France, and the most cap-
able women in the world, can be on
the down grade. For foreigners, how-
ever, the greatness of France has al-
ways lain in the spiritual realm. She
has fed the world with ideas and ideals.
It has been a bitter blow to the hopes
of the human race that precisely the
country of liberty, equality and frater-
nity should have produced a Dreyfus
case. Here in Avignon, when I read
on the walls 'Death to the Jews,' it
is not only as a Jew that I feel that
France has plunged back into the dark
ages. I was in America when the Dreyfus
trial was taking place at Rennes—
if Frenchmen could only understand
the horror that shook all America at
the verdict they would be able to gauge
how much they have lost in the opinion
of mankind—who, however, dis-
tanced in material progress, might still
aspire to the spiritual hegemony of the
peoples. The license of the French
stage and of French literature is an-
other argument for decadence. None
but a French playwright would be per-
mitted to place on the stage the caricature
of a living personage, though Dr.
Nordau may console himself by

ANNUAL MEETING

Ladies' Education Society Hold 71st Annual Meeting Monday Afternoon—Reports of Officers

The seventy-first annual meeting of the Ladies' Education society was held Monday afternoon at the home of Mrs. E. C. Lambert on West State street. Dr. R. O. Post opened the exercises with prayer and the reports of the various officers were then heard. The society consists of twelve active members, all of whom reside in this city. The officers are:

President—Mrs. H. W. Milligan.

Secretary—Mrs. E. C. Lambert.

Treasurer—Miss Margaret Catlin.

The report of the secretary was given in a very interesting manner and showed the organization to be in a sound and healthy condition, doing a work that has blessed hundreds of lives and whose beneficent mission has ever exerted a most wholesome influence.

The report of the treasurer showed that the receipts for the year had been \$587.15, and after paying the tuition of the young ladies a balance remained of \$54.55. Last year nineteen young ladies were sent to eight different schools in various parts of the country.

Miss Hattie Green, of Poynette, Wis., who is a teacher at the Poynette academy, was present at the meeting and gave a very interesting talk that was highly appreciated.

Letters were read from many of the young ladies who have received help from the society and they exhibited a tone that showed how deeply they were indebted to the aid received.

The meeting was closed with a solo by Mrs. Will Short.

WHY JOHNSON CRIED

"There's an End to All Good Things" That Was the Reason He Wept.

When Nat Johnson got back from the Maine woods last summer, he told his friends that for the first time since he was a child, he sat down and cried.

As he put it, "There I was way off in the wilderness, and I had smoked my last Wadsworth Bros. 'Chicos,' and knew I couldn't get another until I reached civilization."

It is strange what a hold the Wadsworth Bros. "Chicos" get on a man. They are absolutely free from all artificial flavoring, just the natural flavor of the pure Havana leaf, like that of a 25c Carolina perfectos. They burn evenly, with a solid white ash that stays on as all good cigar ashes should.

Armstrong & Armstrong have the local agency for the "Chicos," and can now sell a genuine long filler Havana cigar for 5c that is better than any of the 10c smokes on the market. There is no "six-for-a-quarter" about the "Chicos"; they are straight 5c—worth 10c. Try one and see how true this is.

TAKEN TO FAIR.

Superintendent Gillett, of the School for the Deaf, will take a class of five pupils to the world's fair to day to give an exhibition at the model school for deaf pupils in the educational building. Miss Grace Taft and Miss Elizabeth Russel, teachers, will accompany the class, which will remain about two weeks. Superintendent Gillett will return in a few days.

CURED HEMORRHAGE OF THE LUNGS.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake, of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar and my lungs are now as sound as a bell. I recommend it in advanced stages of lung trouble." For sale by J. A. Obermeyer, City Drug Store.

Somebody's Going to Get This Heater

And it is not going to cost them a cent.

Here's the reason: We want to demonstrate that this heater, known as the Buck's Hot Blast, is absolutely the best and most satisfactory made: so on Oct. 10th and 11th, at about 9 o'clock, we will give a demonstration in front of our store, showing just how and why a ton and a quarter of the cheapest kind of soft coal used in this heater will produce the same amount of heat as a ton of hard coal will in a base burner.

Every married person visiting our store up to the time of the demonstration will be given a ticket entitling them to one chance to win this wonderful heater, which is valued at \$25. Drawing takes place directly after the demonstration, and holder of winning ticket must be present. The heater is now on exhibition in our window.
